Easy to understand
Main menu with all modes for quick selection

Clearly structured
Working mode with all important information

Organized
All options visible at a glance

Helpful
Internal help right where it is needed

The perfect team

Automatic size detection with PD-Tips // from BRAND

The HandyStep® touch saves time and prevents errors through automatic tip size recognition of the PD-Tips // from BRAND, with patented coding on the pistons. After inserting the tip, the size is automatically recognized and displayed, making it easy to select the volume to be dispensed. When a new PD-Tip of the same size is inserted, all instrument settings are maintained.

Multi dispensing with the HandyStep® touch and PD-Tip //

Sequential dispensing with the HandyStep® touch S and PD-Tip //
